## February 2013

### Dispatch Deadline for MARCH-MAY

**Please sign up for your minimum days by 2/15 and any additional days AFTER 2/15**

- Minimum 5 days for gold members, 4 days for silver members, 2 days for bronze members.
- Hill Captains need 2 HC days for this module and 6 for the year.
- Associate Supervisors need at least 1 AS day for this module and 3 for the year
- Meadows team members need to dispatch for their team days so the area knows who will

### 75th Anniversary Party Registration due by February 13

**See last page for mail-in form or online registration link**

## Essential Reading

- 75th Anniversary Party,
- Bylaws Amendment,
- Government Camp Building,

## General Membership Meeting

Monday, February 11, 2013, 7:00 PM

Back at Athey Creek Middle School, 2900 Borland Rd. West Linn, OR

**This is a meeting you won't want to miss.** Ms. Elaina Medina, External Communications Specialist at PGE, will be giving us some tips about what to say (or perhaps more importantly - what not to say) when approached by the media or ski area guests. This training could come in handy during a search for a lost skier, during a catastrophic event, or even during the course of your normal business.

Our first aid and preparedness training means we are unlikely to be one of those victims you see on the TV news waiving for help from a hole in the roof. This training might save you the horror of being that person saying something stupid into camera.

*Also, this is a great opportunity to pick up some shiny-new uniform patches to show your pride in belonging to the oldest, all-volunteer ski patrol in the nation. The Clothing Committee usually opens for business about 30 minutes before the meeting begins.*

***Photo by Phaedra Booth.***

# President's Message

***By Steve Eversmeyer, President, HC 1170***

We've made it through the holidays and the areas are all extremely grateful for the hard work everyone did. Unlike past years we were lucky enough to have snow falling and great conditions. I had some excellent days and hope you all did so too. We are halfway through our second module, and the good skiing continues! SPIF!!!

I know everyone's got lots going on; the OEC class is well along, Apprentices are being trained on the mountain, avalanche refresher and Level 1 and 2 classes have started. With the way the days go by, we'll be looking at the February 21 and 23, 75th Anniversary celebrations, council elections and the award/recognition banquet before we know it.

To our instructors, THANK YOU!!! To the Apprentices, in all the groups, please ask questions if you're unsure, communication is critical during your apprentice year, and will serve you well in your future as a member of MHSP. To all of the rookies and longtime patrollers, please help each other as we serve the mountain community. The traditions and methods we've used serve us well, but we count on the rookies to help us keep them fresh. If there are better ways we want to incorporate them across the patrol.

And my final request, the nominating committee has been formed for the elections. Please consider running, the following is from our Wiki:

- President: will provide overall patrol leadership and inspiration.
- Vice President: will motivate and direct committees.
- Secretary: takes minutes and supervises the newsletter and wiki.
- Treasurer: the official bean counter and finance guru for the patrol.
- Patrol Chief: is responsible for all hill operations and directly supervises the hill patrollers. The operating buck stops here. The PC has assistants for the ski areas, training, and records who help with the heavy lifting.
- First Aid Chief: is responsible for first aid standards, protocols and training. Ensures MHSP has first aid training and equipment to do the job.
- Associate Director: ensures the quality and development of the MHSP Associate Program. The associates keep the first aid rooms humming when not on the hill.
- Nordic Director: provides leadership for the balance of the mountain without lifts; backcountry patrol.
- Mountain Host Director: is responsible for all mountain host operations. The MHD has assistants for the ski areas and apprentice training.
- Senior Trustee, Middle Trustee and Junior Trustee are the patrol historians and quality control bird-dogs. They bridge the continuity between councils. They also lead special areas of development. The Senior Trustee forms the nominating committee and administers elections.

We have talked about a bylaw change to allow Hosts to serve as Secretary and Treasurer. Please think about this change and be prepared to vote on it in the next month or so.

We are also looking for those who have done a great job and deserve recognition. Please tell anyone on the council; at the very least let the Hill Captain or Associate Supervisor know so it can get on the green sheet. It's tough to remember details a month or so later. We'd like to recognize these people at our banquet and for those who meet the National Ski Patrol award criteria we need to get the awards process going now. It's involved and takes some time to get things completed and documented to the degree required by NSP.

Let me add my THANK YOU for all that you've done to date to the area's recognition and notes of appreciation. Hope I see you soon on the mountain!

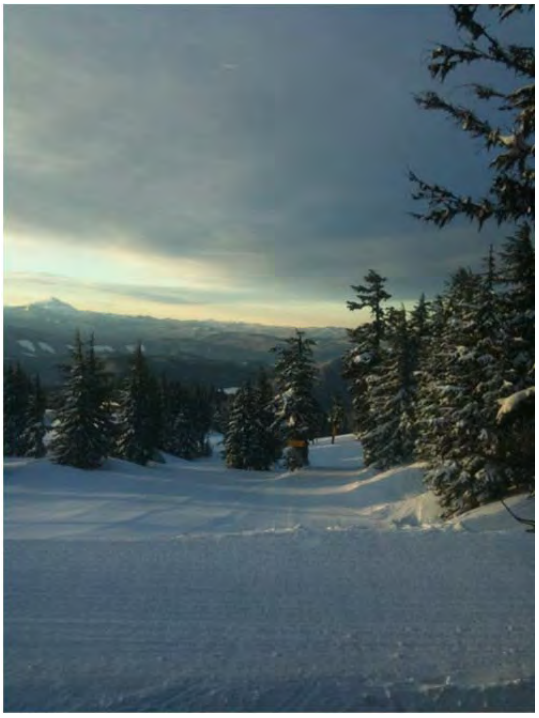

***Photo by Pat Stevens***

# 75TH ANNIVERSARY

## The Mt. Hood Ski Patrol's 75th Anniversary Party? Why should I go to that?

### Let me give you a few good reasons:

**At the Portland Party - February 21st**

1. **It will be fun!** OMG! Lots of music, lots of food, lots of friends - new and old(er)!
2. **It is in honor of a grand organization!** Can you think of a better one? And we will be receiving some cool honors from the Governor, the 10th Mountain Division and more. You have to be there to see that!
3. **There will be so much historical stuff!** The 1941 Life Magazine spread on the Mt. Hood Ski Patrol, original rescue equipment and gear and lots more really cool things!
4. **You will be participating in history!** In 75 years they will be looking at your party photos from this event saying "Wow! Did they really dress like that? And check out that hair do!" How could you miss not being a part of that?
5. **You have a good chance at winning some awesome swag in the raffle!** Don't you want to ski at Banff for free or dine at Ruth's Chris or carry home some primo goodies or gear?

**At the Mountain Party - February 23rd**

1. **You get to have your picture taken with lots and lots of your Patrol friends in front of Timberline Lodge**. Another chance at history!
2. **You get to ski Glade Trail when it is groomed!** When did you do that last?
3. **You get to see more historical stuff at the Mt. Hood Museum!** How about the original bottle caps used to determine patrol numbers for the first members? Yeah, that's what I'm talking about!
4. **You get free chili and beer!** Need I say more?
5. **It will be fun!** I think I said it before, but can there be too much fun?

**So go on line to www.mthoodskipatrol.org/75th and get yourself registered to attend both of these awesome events!** You need to be registered by February 13th so get moving! You won't want to miss out on this!

| **The Portland Party** | **The Mountain Party** |

| Hors oeuvres and No host bar | Dress: ski wear (leave your ski boots at the door) |
| Dress: ski sweater | |

Plus you will have a chance to purchase a variety of 75th anniversary memorabilia.

# SKI PATROL OPERATIONS

## Patrol Chief

***By David Atkinson, Patrol Chief, HC 1239***

### The continuing season

MHSP has put in a tremendous amount of hours of volunteering this season, so give yourselves a big high five on that! I want to thank everyone for the dedication you give to the profession of voluntary ski patrolling. Even though you may think it goes unnoticed, the ski areas truly appreciate our ongoing efforts serving their ski areas. I am told on many occasions that they appreciate the time and dedication of the Mt. Hood Ski Patrol. For that, my hats off to everyone! You serve us proud!

### The Areas

**Timberline:** We have had a good season at Timberline so far this year. A great team effort by all has allowed Timberline to rely on us to provide the staffing on the weekends/holidays and Timberline is very pleased with our dedication. Thanks to Rick Williams and John Howard for their efforts as APC's.

**Meadows:** Mel and the Meadows teams appreciate all our combined efforts to assist in the busy weekend days at the resort. Thanks to Eric Pool and Kat Moore for their efforts as APC's.

**Skibowl**: Skibowl is back in full swing with all the recent new snow. Thanks to Matt Rea and Shelly Johnson for their efforts as APC's, helping coordinate our patrol to handle all the crowds, the races, and many other duties we are called upon to fulfill.

**Summit:** They love us at Summit. Thanks to Claudia Pieters and Diane Kindall-Potter for their efforts as APC's for providing the leadership and commitment to the area! Charlie and the Skibowl gang really appreciate our efforts there.

### Dispatch

For those of you who are current with your dispatch days in relationship to your commitment level, thank you. For those of you that need more days, the dispatch has plenty of holes to fill in. **Now is the time to do that!** Remember it is easy to dispatch and easy to un- dispatch. It is better to have days scheduled then to be excluded from patrolling by not planning far enough in advance.

### Your commitment

Remember that your benefits package for next season will be based on the days you put in the 2012-2013 season. I want everyone to have the opportunity to get the benefit package that they desire next season, so look at your schedule and sign up for your preferred days early so you are assured of getting those specific days you want. The time is now to decide how many days of incredible skiing and riding you want to get in!

### Training and Clinics

Senior Ski and Toboggan (S&T) Clinics:

February 2 – Wy'East Region – Mt. Hood Skibowl **
February 3 – Oregon Region at Warner Canyon
February 10 – Oregon Region at Willamette Pass
February 16 – Wy'East Region – Mt. Hood Meadows **
March 10 – Wy'East Region – Mt. Hood Skibowl **
March 17 – Oregon Region – Mt. Ashland
April 6 – Wy'East/ Oregon Region Combined Pre-Final Route Selection Day- Mt. Hood – Individual Candidate Training Offered.
April 7 – Joint Wy'East and Oregon Regions S&T Finals at Mt. Hood Meadows!

** The final senior evaluations will be held at Meadows this year. All hill patrollers are welcome to attend any senior clinics as they will count toward your sled updates and calibrations that are required each season.

**Transfer Training:** A special thanks goes out Troy Muller for guiding our transfers through this year's training.

**Apprentice Hill Training:** A super effort by all the team coaches and guest coaches this year. Thanks to Toby and Mike for your endless hours of organization and leadership! All teams are progressing well.

**Apprentice Associate Training:** Many thanks to David Nead, Pete Campbell and their coaches for coordinating the apprentice training this season. They have a strong group that will add to our great associate staff next season.

**More Clinic Opportunities!!!**

Annual Nuts and Bolts Clinic will be held on May 31-June 2 at Timberline. Flyers will be sent out soon for pre-registration so don't miss out on this amazing opportunity to learn from some of the best instructors in the Pacific Northwest!

### Tryouts

We will be holding Spring Tryouts again this year on **Sunday, March 3,** at the Govy Building and at Skibowl. Tell your friends to come on out and see if they have what it takes to be part of our patrol family!

Looking forward to seeing everyone at the training events and on the slopes this season! Let it snow!

**MHSP patroller membership cards are available at the Govy Building.**

## Associate Director

***By Kathy Lee, Associate Director, SS 90232***

There have been a number of busy days on the mountain and I've had reports of good work in the first aid rooms. A reminder to Supervisors to please be proactive in ensuring there are adequate first aid supplies at the areas when you arrive in the morning. Thank you to Associates and Supervisors for keeping the first aid rooms humming! A number of you are also volunteering to help instruct at the weekly OEC classes, coaching apprentices and assisting in other training; your commitment and time to MHSP in providing excellent patient care and training is outstanding!

### Dispatch

In a review of the dispatch for the next several months, there are a few days where more Associates and/or Supervisors are needed. Please be sure you have dispatched to meet your commitment for the season. And if you can, put in an extra day or two to help the areas and your fellow patrollers where you see that coverage is light. I know that life sometimes takes an unexpected turn and if you are having scheduling issues or finding it difficult to meet your dispatch commitment, please contact me as soon as possible. We can work through things as long as there is communication and I know what is going on.

### Recruitment

We will start recruiting for new members in March and have found that family and friends make excellent candidates. Do a mental checklist of people you know and select one or two of them. Talk to them about patrolling and encourage them to come to tryouts. The skiing portion of tryouts for Associate Apprentices is not a test but more of an evaluation of skiing/boarding skills so we can provide necessary training for improvement, and increase their participation in hill activities. If you have any questions about this, please contact me.

### Awards

It's not too early to start thinking about awards at the May banquet. If you notice some outstanding work by a patroller, associate or hill, send a note to me or someone on the council. Your help in being the eyes and ears to the council for awards recognition is invaluable.

Thanks everyone, and keep up the good work!

## Nordic Director

***By Brett McLane, Nordic Director, HP/NP 1603***

A few Nordic events to mention:

The **Tubbs Romp to Stomp Out Breast Cancer** will be held on February 9. Our MHSP crew will be on hand from 7:00 AM – 3:00 PM and racers will be on the course from 8:30 AM - 1:30 PM. Come race or volunteer!

The seventh annual **Washington State School for the Blind X-C program** will be at Teacup on Tuesday, March 19, and Wednesday, March 20. Interested in volunteering to become an instructor? Contact Richard Fay and Shelly Hakanson at rrfay@comcast.net or 971-285-0025. Training will occur at Teacup. Richard and Shelly are retired, so timing is flexible.

## Summit Ski Area

***By Diane Kindall Potter and Claudia Pieters***

Hello, from sunny Summit.

Saturday, January 19, was quite a day. The area was overflowing with guests skiing, boarding, and tubers speeding down the runs.

Small people had a great time "summiting Mt. Summit". Many guests came just to enjoy the sun and snow.

Thank you to Jodie Jeffers for organizing Safety Week. There were a lot of favorable responses and smiles. Steve received a donation for taking a little time to visit with a gentleman and his family. We also had several guests interested in patrol, the cards making an easy opening for conversation. Edward promoted wearing helmets to young people in a most interesting manner. We will probably be seeing many more helmets now.

## Show Your Pride

In 75 years less than 2300 people have qualified as Mt. Hood ski patrollers.

Show your pride in being part of such an elite group by wearing a proper and presentable uniform. Many patrollers are missing the MHSP Shield patch on the front of their jacket, vest or shirt which makes it hard to identify them as part of MHSP.

Did you know that the shield shape is based on the US Forest Service shield? Mt. Hood Ski Patrol is the ONLY organization authorized by the Forest Service to use this trademark?

Come to the meeting on February 11, to pick up your patches (and maybe an anniversary poster, shirt or hat). For uniform standards check out www.mthoodskipatro.org/wiki, click *Uniform Requirements* in the left navigator.

# FIRST AID

## Making the Decision to Backboard

***By Cleo Howell, First Aid Chief, AS1444***

### When Was The Last Time You Decided To Put A Patient On A Backboard?

The decision to place a patient on a backboard is one of the most important decisions that you will make as a ski patroller. The decision that you make may enhance the patient's recovery or it may just inconvenience the patient for several hours. The decision is not to be taken lightly.

Once you make the decision to place your patient on a backboard you must act quickly and be efficient and decisive. Call for the appropriate equipment and assistance, then get the patient

on the backboard and transported as soon as you can. Remember that your patient may be seriously injured and getting colder lying on the snow. Communicate clearly with your patient and tell him/her what you are doing and why.

When making the decision about whether to backboard a patient or not consider the mechanism of injury and the condition of the patient. Did the patient come off a 20-foot jump and land wrong or did he/she just have a slow speed crash? Did your patient lose consciousness for a period of time? Is your patient oriented to person, place, time and the situation at the time that you assess the patient?

What if witnesses tell you that the patient was unresponsive for about one minute, but the patient is awake, alert and oriented to person, place, time, and situation at the time that you assess the patient? If the patient is AAOx4 and does not meet any other backboard criteria then it may not be necessary to place the patient on a backboard. This patient still should be transported to the First Aid Room and assessed further.

## Reasons to Backboard a Patient

A patient should be immobilized on a backboard if the patient has a mechanism of injury with the potential for causing spinal injury and who has any of the following criteria:

Consider the mechanism of injury – *Was there enough force to the body or head by a strike or fall from a height that could cause a spinal injury?*

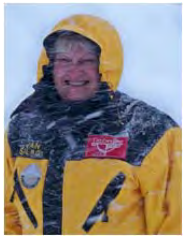
1. Altered mental status (Consider if the patient is oriented to person, place, time and situation at the time that you assess the patient. Did the patient have a loss of consciousness?)
2. The patient complains of spinal pain or tenderness and/or pain or tenderness is found with palpation.
3. Patient has a distracting injury (e.g. extremity fracture, respiratory distress, etc.)
4. Patient is impaired from drugs or alcohol or is disorientated from other cause(s) that could distract from a spinal injury?
5. Neurological deficit of an extremity; numbness, tingling, or paralysis is present.

If any of the above criteria are present in conjunction with a significant mechanism of injury the patient should be placed on a backboard and immediately transported to the first aid room or to an ambulance.

# MOUNTAIN HOST OPERATIONS

## Tradition and Celebration

***By Jan Silagi, Mountain Host Director, HS 60054***



This month Mt. Hood Ski Patrol celebrates 75 years of continuous service to the winter recreation public on Mt. Hood. This is a legacy to be so proud of! There is hardly a person who has been on the mountain who has not received some kind of care from MHSP, be it a Band-Aid, or a C-collar and backboard. I myself have been one of the privileged guests to get a private escort down the hill wrapped in a cozy wool blanket and nestled in a shiny red sled!

The Mountain Hosts have a growing history as well. Since 1985, Hosts have been serving the snow sport public on Mt. Hood, greeting guests, providing information and assistance, and supporting events. I joined the Mountain Hosts, then known as *Ski Hosts*, in 1988. We all have different reasons for choosing the volunteer service we participate in, for me it was continued involvement in recreation management, my career path, and an opportunity to be at Timberline, where I had a long history.

The program resonated with many others, too, and our membership quickly grew. Typically we view growth as an asset, but growth also brings challenges. By 2000, our membership had grown to about 60 Hosts. We were the largest employee group at Timberline, and our membership numbers, and changes in our non-paid employee status became a management challenge for Timberline. Discussions began to find a way for our group to be more self-governed and still continue our close relationship with the resort. Enter Mt. Hood Ski Patrol.

In 2003, discussions began for MHSP to integrate the Ski Hosts into their membership. I will admit I was saddened. Don't get me wrong, I have always had the greatest admiration for MHSP and the work done by its membership; after all, patrollers did give me that private escort off the hill, so I was fully aware of the important work done by MHSP. But I was equally proud of the Ski Host program and the work we did! I worried that our unique contribution to the mountain might change, that we would disappear into the big cog of MHSP, and we would have a less personal relationship with Timberline. A change was inevitable however, and in the fall of 2004, the Ski Host program blended with MHSP.

To my relief, my personal concerns were unfounded. The Host program did not take-a-hit from the transition, but rather benefited from it. The MHSP council did not make any effort to change what we do or displace our contributions; they embraced our group and supported our efforts. The council wisely listened and learned about the Ski Host program and enlisted our existing leadership. We grew our membership and our leadership; we expanded our program and now serve two resorts. We benefit from access to the MHSP dispatch site and radios. We have the foundation of a strong set of bylaws. And most importantly, we are part of an organization committed to high standards of excellence.

Now, eight years later, I *feel* like a member, a member of MHSP. A member of a highly regarded, innovative, strong organization that makes a tremendous contribution to Mt. Hood and all who visit her, member #60054. I am proud of the partnership of our missions and proud that the Mountain Hosts are part of the legacy of Mt. Hood Ski Patrol. We are honored to join in the celebration and to have contributed to 75 years of history!

I look forward to the 75h Anniversary events this month. It is always fun to reflect and celebrate with your comrades! I hope all the Mountain Hosts will join in the festivities on the mountain and in town. Congratulations Mt. Hood Ski Patrol! May you swoosh, schuss and serve another 75 years!

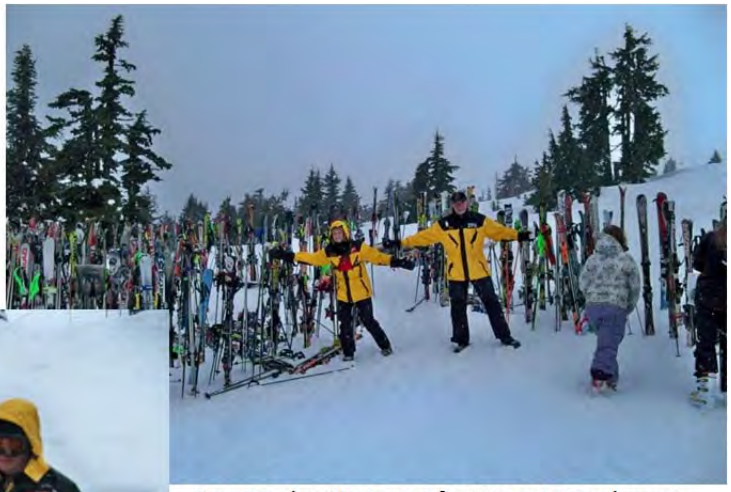
## CATO Memorial Race

***By Jan Silagi, Mountain Host Director, MHSP 60054***

January 5, 2013, was the twenty-third running of the Christine Cato Memorial Race at Timberline. This race is in memory of Christine Cato, a member of the Beaverton High School Ski Team, who died in an accident on Mt. Hood in the summer of 1989, just before her senior year. The CATO race begins the high school race season and has some very special and fun traditions.

Because CATO is considered a pre-season event, all members of each team have an opportunity to compete. There are no alternates sitting the bench. This is a unique opportunity for novice racers to have a chance to run a course and record a time. A spirit award is given to a deserving school, who exhibits sportsmanship toward all competitors, and all the teams participate in a costume competition. This race is truly the highlight of the season and great fun for all involved!

More than 400 racers participated this year. This has become the largest high school race in the country, and as such, requires a tremendous amount of cooperation from the ski area, leagues, coaches, officials and volunteers. The Mountain Hosts have been part of the volunteer force for the CATO race since it began in 1990.



On race day Hosts are first to meet and greet the teams and provide information to participants, coaches and the public. Participants are guided to a corral where Hosts provide security for their skis for the day. Hosts also provide security for team gear, and to all the coaches and officials volunteering for the race. Hosts develop the time sheets and post-race scores for the participants. The lunch services provided for the participants and volunteers is monitored by our team as well. Family and friends are greeted at the lodge entrance by Hosts and are directed to observation areas to watch the event.

With more than 400 high school students participating and as many as 200 volunteers, CATO race day 2013 was a fun and exhausting day. Many thanks to the team of Mountain Hosts who supported the event again this year! Your contributions are an essential ingredient in making this a successful and enjoyable event for all!

*Photos: 1) Karen Riggs and Bill Lind guarding more than 400 pairs of skis. 2) John Silagi (left) and Vic Riggs posting scores.*

# ADMINISTRATION

## Nominating Committee

***By Joel Stevens, Senior Trustee, SHC 736***

Your nominating committee has been busy looking for candidates for the various MHSP Offices. We have a few potential candidates for some of the offices, but only a few firm commitments so far. If you are interested in helping direct the Patrol's future, now is the time to come forward. Most of the current officers cannot stand for re-election due to term limits so there will have to be a lot of new people in new positions next year. If a member of the Nominating Committee asks you to consider running for an office, please give it serious consideration. Remember that this is your Ski Patrol, and we have to have officers to manage it.

## Proposed Bylaws Amendment

***By Joel Stevens, Senior Trustee, SHC 736***

At the suggestion of a number of members, the bylaw committee is working on a bylaw amendment, to allow Mountain Hosts to serve in the position of Secretary and Treasurer. The reasons for doing this are three fold.

1. To widen the pool of available candidates for these two offices.
2. To give the Hosts more representation on the Council
3. To more fully include the Hosts in the operations of the MHSP.

Under the proposed amendment, both the Patrollers and Hosts would be able to vote for the offices of Secretary and Treasurer. Hosts only would vote for Host Director, and Patrollers only would vote for the remaining offices, President, Vice President, Patrol Chief, First Aid Chief, Associate Director, Nordic Director, and Trustee(s)

This change requires a number of minor changes to the bylaws. For this reason the Proposed Bylaw Change will be published in the March Snojob and voted on at the March meeting. Please direct comments or questions to Joel Stevens or Lisa Hargrave.

---

## Wy'east Region Awards Committee Wants You

***By Jodie Jeffers, Wy'east Region Awards Coordinator, AS***

We are looking for a few interested patrollers to expand the MHSP- Wy'east Region awards committee. It involves some time, love for paperwork, a talent for detail and due diligence, as well as creative writing and desire!

Does this sound like something for you? Want to learn more? Contact Jodie Jeffers, Wy'east Region Awards Coordinator to learn more. All areas of MHSP are invited! Please let me know of your interest by Friday, February 15.

---

## Government Camp Building

***By Mike Anderson, AS 1510***

First of all a big thank you to the folks that have been taking the recycling from the Govy Building. It's a huge help.

A couple of reminders:

1. Please sign in when you arrive at the building if staying the night. The box for payment is upstairs in a locked mail box. There should be envelopes and pens available on the shelf. The fee is $10 per person per night, and we need you to pay the same day you are staying. I pick up the proceeds around the first of every month and check off the payments against the sign-in book and send the money to the Treasurer. If you write a check, there could be up to a month's delay in cashing it based on the time lag. If you have any questions regarding payment just touch base with me.
2. Please remember to keep the kitchen clean. For fire safety unplug the coffee pot and toaster when not in use. If you are the last to leave in the morning please check to see if the heat is off. Also turn off the lights and verify the door is locked behind you as you leave.
3. Extra supplies such as TP, paper towels, dish soap, cleaners are available in the supply closet across from the thermostat. If you see we are running low on something, please call or e-mail me so I can bring more up on my next trip, or I can find someone to bring it up. Feel free to m
4. Make a donation if you happen to be at the Dollar Store and see something we may need.
5. Finally, about the refrigerator. Please do not leave food past your stay, unless you are coming back the next weekend. We tend to collect a variety of partially used items. They can be there for months. The apprentices did a great job of cleaning the refrigerator, but now we have some "science experiments" brewing. Also put your name on the food items if you want to keep them. (If it's Beer, THANK YOU!!! I will find a way to dispose of it.)

I do have a special request. Our vacuum cleaner is in its last days. The suction has diminished. This is the one time we really want something to suck. I am looking for a donation of a bag less vacuum cleaner if someone has one sitting around. If needed, I will buy an inexpensive one for around $50, but I thought I would ask first to see if one is available. I prefer bag less so we don't have the extra effort of keeping the right size bags in stock, but I will consider all offers.

Let me know if you see something that needs attention, or have any questions. So far it's been looking great, keep up the good job in keeping it clean.

# OTHER NEWS

## MHSP in the News: Life Magazine, March 18, 1940

Check out this amazing pictorial from 1940 showing MHSP patrollers performing a rescue. The story starts on page 37, select the two-page viewing format for best results.

http://books.google.com/books?id=nj8EAAAAMBAJ&printsec=frontcover&source=gbs_ge_summary_r&cad=0#v=onepage&q&f=false

**Come to the 75th Anniversary celebration in Portland to see more photos and artifacts like this one.**
Go to www.mthoodskipatrol.org/75th for more information.

## Ski the Glade Day

Ski the Glade Day is an annual fundraiser put on by the Mt Hood Cultural Center and Museum. http://www.mthoodmuseum.org/schedule.html It is the first Saturday in March, and the Glade Trail is groomed for this event. The Museum provides shuttle service, a continental breakfast and lunch. If you have ever wanted to ski the Glade in ideal conditions, this is your chance. It is a lot of fun and supports a good cause. The guides and first aid are provided by the Mt Hood Ski Patrol.

## Ski Bluewood

***By Jessica Carrier, HP 1629***

Greetings! You are cordially invited to join your fellow friends and patrollers for a weekend of fun and skiing over the weekend of March 8-10, 2013.

The General Manager of Bluewood says they are excited to have us back! For those who are new to the patrol, this is a bus trip to the Bluewood Ski Area near Dayton, WA. It was formerly owned and operated by MHSP Past-President Stan Goodell and his wife, Nancy. But the new owners have embraced us in like family. It has always been a fun trip and a good time is sure to be had again this year.

So how do you get in on this fun? Send me an email to let me know you are interested or planning on coming and send a check for $185.00 to reserve a seat on the bus. You can get your check to me at the February patrol meeting or mail it to me (address in the roster). Checks won't be cashed until we have enough people to make the trip. The trip is open to all adults: patrollers, hosts, apprentices and non-members – anyone who likes to have fun. So even if you can't make it, talk to your skiing/riding friends about going.

Depart from Portland on Friday, March 8, 4pm
Return on Sunday, March 10 around 9pm

Cost: $185.00 (approximate, may go up or down depending on final numbers) This covers the bus and driver's gratuity, 2 nights in the local motel (double occupancy), meal Friday evening on the bus, Saturday night dinner, Sunday box lunch, and assorted beverages on the bus.

Members: Show MHSP patrol card for complimentary lift ticket

www.bluewood.com

## Snojob Deadline is the Third Monday of the Month

***Lisa Hargrave, Snojob Editor, HC 1053***

The deadline for Snojob articles and photos is the third Monday of each month (7 days after the general meeting). Send your submissions to snojobeditor@gmail.com.

**Articles:** Please submit as the body of your email rather than an attached document. If you have a long article covering several topics please break it into several articles covering one topic each.

**Photos:** Send as an attachment in JPG format. Be sure to identify who took the picture, where it is and who is in it.

# CALENDAR
